

# ASSURE REU Program

Advancing Space Science through Undergraduate Research Experience

**A paid internship at UC Berkeley's Space Sciences Lab**

Recruiting community college and other undergraduate students majoring in physics, chemistry, earth science, astronomy, computer science and all engineering subjects.

First-generation students and those with identities historically underrepresented in the sciences are strongly encouraged to apply.

Applications are due 11:59 pm PST on Feb. 05 2021
